Subject:-Complaint against the conduct
of Mr.I.Chizik.

Reference:-Attached letter from Chief
Secretary.

I have shown the Chief Secretary's letter to Mr.Chizik,who states that the provocation came from Mr.Mizrahi and not from himself. Having heard Mr.Chizik's statement however, I cannot acquit him of lack tact and savoir faire unbecoming in a Government Officer.

2. On the other hand,the occasion would seem to have been entirely unofficial and I do not consider that Mr.Mizrahi should have referred the matter to the Chief Secretary.

3. I would suggest that you should warn Mr.Chizik to be more careful in his public behaviour and that the incident be closed.

15th. February, 1938

Dear Mr. Grimwood,

I am returning herewith the complaint of Mr. Mizrachi and wish to state briefly that the facts of this incident have been completely distorted and misrepresented. The provocation started by the complainant and not by me. He and his party settled themselves at a table on which there were a "reserved" note with my name on it, as well as a glass with an unfinished drink. The waiter called their attention to that fact but they, nevertheless, disregarded his remarks and with the lack of mannerism, characteristic to that type, preferred what did not belong to them. Their behaviour then, and their subsequent threats to report me to the Chief Secretary which they did, is an example of the levantine state of mind of these people, who use their "connections" with Government Officials (with whom they were seen probably in the street or had lunch with, and consider themselves already friends) as a cowardly means of revenge against any person whom they have wronged.

Yours Sincerely

J. Chizik

Sir,

I refer to your letter No. 5595 dated the 11th. May, 1937, making certain observations on the conduct of the Assistant District Officer, Nathanya, on the 6th. May, 1937.

2. The circumstances of the case have been investigated and I have to inform you that there was no intention on the part of the Assistant District Officer either to insult you or to cause you injury by turning his car.

3. As the Assistant District Officer informed you at the time it was impossible for him to give you the result of the Post Mortem examination at your meeting with him in Maabarot.

4. I trust that you will accept this explanation and agree that your complaint against the Assistant District Officer, which arose from a misunderstanding, was unfounded.

District Officer,
Tulkarem.SUBJECT :- Complaint against Mr.Chizik
A.D.O.Nathanya.

REFERENCE :- Your T.C.103 -25 of 18.5.37

CONFIDENTIAL

The complaint of Mr. Gluska reminds me of a boy who split the head of his boy-friend and then complained to his father that he was beaten up.

The truth of the matter is as follows :-

On receiving a message from the Police that a body of a dead Jew was found in the Iskandarun, I immediately proceeded to the spot with a local doctor for a postmortem examination. The said examination lasted for about two hours, and it was not a pleasant scene to witness. When it was over and we were seated in my car, certain people who have just reached the scene, approached my car and one of them began to ask questions from the Doctor, who began to give him some sort of a reply. I intervened, and told him that we cannot give any reply now, upon which he retorted very rudely; "I did not ask you, I was talking to the Government Doctor! I did not think it worth my while to reply to a person whom I did not know and drove off.

Mr. Gluska was not rebuked, but was on the contrary very insulting and sufficiently guilty to be tried under Art.144 of the new criminal code of 1936, which I intend to do with your approval.

Mr. Gluskas' knowledge of driving is very poor and the turning of the car did in no way endanger his life.

I shall be most obliged if the District

Commissioner/

Commissioner will point out to Mr. Gluska that he had no right to suddenly interfere with an official whom he did not know, while on duty, making a Coroner's Inquest.

Enclosure is returned herewith.

Sir,

Subject:- The shameful behaviour of the
District Officer ^{Mr.} Zizik.

On the 6th inst. I went together with two members of the Central Committee of the "Yemenite Organization" in Palestine in order to visit the Yemenite settlement in Nathanya and the Elyashiv Settlement in Emek Hefer (these two settlements are under the auspices of the "Yemenite Organization" in Palestine). To our extreme sorrow we were faced with the terrible accident that happened to our member Shlomo Muallem who sank in the river while working. Those people who informed us about this misfortune added that there is a suspicion of murder. After having heard such information we proceeded direct to "Maabaroth" where the body was brought by the Police. In Maabaroth we met the Government Physician together with the District Officer ^{Mr.} Zizik. Having been strongly affected by this misfortune, our first question was: what was the cause of his death ?. All the persons who were present could not give us a definite reply and advised me to apply with this question to the Government physician.

I asked the Government physician - who was sitting in the car beside the District Officer Mr. Zizik who was driving the car - whether he could tell me what was the cause of the death ?. The doctor answered me very politely that at the present moment it is impossible for

him to answer this question. I was extremely astonished, that the District Officer Mr. Tizik rebuked me in a very rough way in the presence of scores of people. I remarked that it would have been much nicer if he would reply with the same politeness as the doctor did. At this remark he became very angry, and turned round the car to the right in the direction where I was standing while my hand was on the car. Had I not been so quick and had I not jumped backwards at the moment I would have certainly been knocked down through the rough behaviour of the District Officer.

I beg to submit hereby to you in my name and in the name of the other members of the Centre of the "Yemenite Organization", a protest against the action and conduct of the District Officer Mr. Tizik and I ask you to kindly investigate this matter:

(a) Why did Mr. Tizik rebuke me in such a rough way, while my only fault was that I asked the Government Physician, a question which was very important to me as Chairman of the Centre of the "Yemenite Organization" in Palestine ?. It is my duty to investigate all details concerning the Yemenite Jews in Palestine.

(b) Was it fair on the part of Mr. Tizik in his capacity as District Officer to turn round the car in such way as to endanger my life ?.

Trusting that you would kindly investigate this matter and let me know your decision and with my heartiest thanks in anticipation.

I am, Sir, etc...

Z. Gluska President of the
Yemenite Organization in Palest.
